

New Topics in Protein Modeling Webinars and courses

Structure of helical
assemblies
New methods for predictive
modeling
Structural models of new
proteins
Webinars July 3, 7, 10, 14,
17, 21, 24, 28, 31 2017
Register www.schtm.org

Candidate proteins for structure determination

- **Usher syndrome type-1G protein isoform 1 or SANS**

https://www.ncbi.nlm.nih.gov/protein/NP_775748.2

- Cen1 of SANS binds Myosin Via Myth4-Ferm-Sh3

<https://www.ncbi.nlm.nih.gov/pubmed/?term=21311020>

- Mutations in all domains lead to hearing loss

<https://www.ncbi.nlm.nih.gov/pubmed/25255398>

- Gene mutations characterization, CIB2, and more

<https://www.ncbi.nlm.nih.gov/pubmed/15660226>
